

## READING

(6 Marks)

**Q1:** Read the text and answer the following questions:**Journalist:** Why do some people do dangerous activities and jobs?**Dr. Fred:** It is because there are two elements in danger: one is fear, the other is the need to defeat fear. When people defeat fear, **they** feel a physical reaction.**Journalist:** So, do we always need to do dangerous activities to get this feeling?**Dr. Fred:** Not at all! Take a journalist, a football player or even an artist. They probably do not have to take physical risks. But the artist, the rock climber or the mountain biker feel the same physical enjoyment as a footballer after scoring a goal.**Journalist:** What about people who work in dangerous professions?**Dr. Fred:** Well, policemen, firemen or even stuntmen share a certain type of personality with artists and sportsmen who practise dangerous sports. But they perform dangerous activities because these are part of their job.
