Q1: Read the text and answer the questions that follow:(points 30)

Rufaida Al Aslamiya, Islam's first female nurse, lived during the time of Prophet Mohammad, Peace Be Upon Him, and was one of the first people in Medina to accept Islam. She was a compassionate woman who was most famous for treating soldiers in battle. Prophet Mohammad, Peace Be Upon Him, invited her to help Muslims by giving medical help to his soldiers when they needed it the most. In times of war, Rufaida set up hospital tents next to the battlefield so that injured soldiers could be treated at once. She trained other nurses

to help as many injured men as possible. They were trained to treat wounds, but also to be caring and kind. Rufaida's success was noticed by Prophet Mohammad, Peace Be Upon Him. To encourage her, a tent was set up by the Prophet's mosque, Peace Be Upon Him, so she could continue her voluntary work helping the sick, using her own money. She listened to people and looked at how they lived. Then, she helped them make their lives healthier and more comfortable. Just as the Prophet, Peace Be Upon Him, understood the importance of her work, people around the world today, especially doctors and nurses, should continue to view Rufaida as an example of compassion.
