

If we remove show desktop icons tick from arrange by menu what will happen:

1. icons will be hidden from the desktop
2. icons will be deleted from the desktop
3. icons will be moved from the desktop
4. nothing will happen

Place the tip of the pointer on an icon on the Desktop Hold down the left mouse button and move the mouse. this is called

1. drag
2. right click
3. left click
4. scroll

which one of these stages of software development is the last stage to be finally completed?

1. testing
2. design
3. programming
4. analysis

which one of these is application software?

1. word processor
2. graphics card
3. CPU
4. harddisk

which one of these types of storage provides the fastest access to data?

1. harddidk
2. CD-ROM
3. floppy disk
4. zip disk

(3)

9. The main circuit board in the computer that connects the parts of the computer is the:

1. Motherboard
2. hard disk
3. floppy board
4. main board

10. processing speed in computers is measured in:

1. Mega Hertz
2. Mega volts
3. Mega watts
4. Mega cycles

11. A byte is:

1. a group of 8 bits
2. found in the upper right corner of a window screen
3. the capacity of a sound card
4. the part that moves on a tape drive

12. A computer's operating system:

1. enables all the other programs to run
2. does not control devices such as printer that are connected to the PC

CPU means:

1. Central Processing Unit
2. Controlled Program Utilization
3. Computer Programming Unit
4. Computerized Processing Unit

The main circuit board in the computer that connects the parts of the computer is the :

1. motherboard
2. hard disk
3. fatherboard
4. main board

Which of these is not an example of an input device?

1. hard disk
2. mouse
3. keyboard
4. scanner

which one of this devices can be used both input and output data?

1. touch screen
2. light pen
3. speaker
4. printer

which one of these statements about formatting computer storage media is true?

1. a pre-formatted disk can be used immediatly to store data
2. all operating systems formats disk in the same way
3. you can't format a disk if it's been formatted already
4. you should regulary format floppy disks

which one of the following statements about copyright is true?

1. graphicd published on the web are subject to copyright
2. text on a web page can be freely copied and re-used
3. when you buy software, the copyright transfers to you
4. it is legal to share any audio files on the internet

software is the term that is applied to:

1. software that you try for free but pay for if you keep it
2. an application that is used to track the movement of stocks and shares
3. any software that can be used on a server
4. any application for which a maultiuser licence is available

Processing speed in computers is measured in

1. MegaHertz
2. Mega volts
3. Mega Watts
4. Megacycles

A "byte" is

1. a group of 8 bits
2. found in the upper right corner of a window screen
3. the capacity of a sound card
4. the part that moves on a disk drive

Pictures on the display screen (monitor) are made up of

1. pixels
2. layers of color
3. bits
4. vedio packets

A single-click on the left button of the mouse either selects an object or performs an action . An example on that is a single click on the Recycle Bin icon:

1. Correct
2. Incorrect
3. All
4. None

Recycle Bin contains :

1. All the deleted objects
2. All folders and files in the system
3. All permanently deleted objects
4. All drives in the system

Hypertext is :

1. a piece of text that can perform an action when clicks on it.
2. an underline text.
3. a protocol
4. an animation of text.

What is a Search Engine?

1. A program that searches the Internet by key words
2. A program that searches for an Internet connection
3. A program that refreshes Web pages
4. A program that searches Web pages for viruses

The window which shows icons for things like the mouse, sound, hardware settings and display is

1. Control Panel
2. My Computer
3. Explorer
4. Taskbar

Which of the following file names is not accepted?

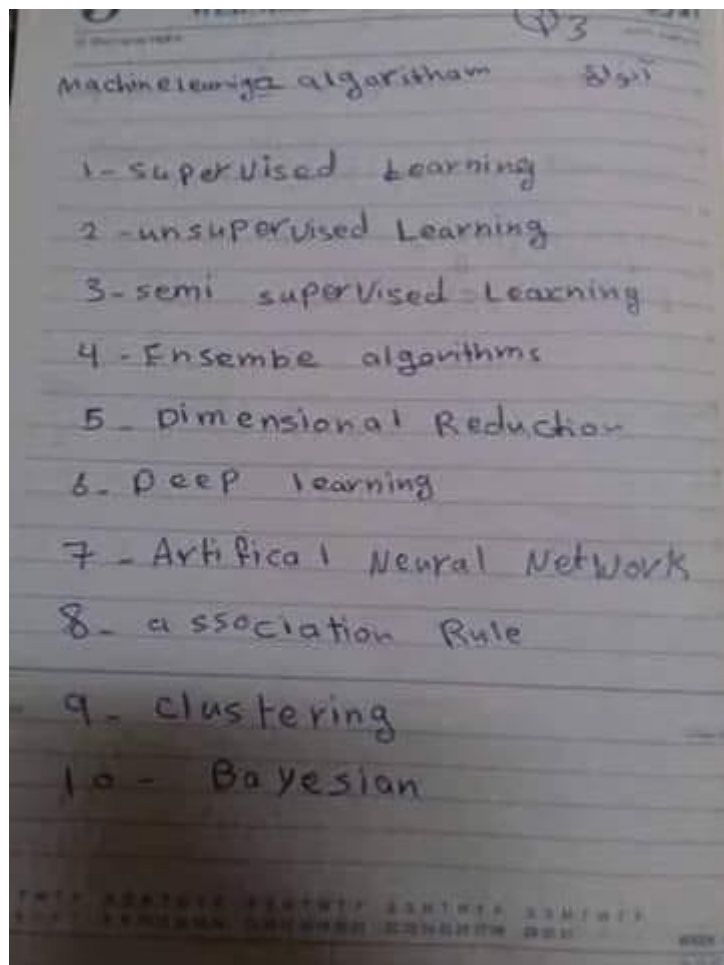

1. Exe.Find
2. Find.exe
3. Finder
4. Find.html

Which one of these is the type of network that links computers in different cities or countries?

1. WAN
2. Ethernet
3. LAN
4. PSTN

To arrange icons on the desktop by type , do the following

1. Right-click on Desktop then Arrange Icons By then chose type
2. Right-click on Desktop then Arrange Icons By then chose name
3. Right-click on icons then Arrange Icons By then chose type
4. Right-click on Desktop then Arrange Icons By type

سؤال عن ال foriegn key ما يعرفه اللي بيعرفه وعرف إجابته يخبرني

سؤال sql .. اذا دمجتنا select مع group by ايش بصير عنا .. ناسيه
الخيارات

واتوقع سؤال تعريف ال tuning في الشبكات

وسؤال عن ال weight بال graphs بين p j pi ايش بصير ناسيه
التفاصيل

وفي سؤالين على ال logical adress واحد بيسأل كم bit نحجز لك
logical وال physical اذا كان عندي عدد كذا من الصفحات وعدد كذا من
الكلمات

والثاني اعطاني 512segment و 64frame و 8k words .. نسييت
المطلوب برضه شي لك logical adress

السؤال الاخير اللي متذكرته هو : اذا كان عنا network فيها 5
subnets ولكل وحده على الاقل 16 hosts ... اي subnet mask رح
نستخدم من التالي ...

255,255,255,192

255,255,255,224

255,255,255,240

255,255,255,248

الإجابة 255,255,255,224

اي وحده من التاليات بتتبع linear sequence :

Best first algorithm

Recursive best first algorithm

Depth first algorithm

Non of the above

الإجابة recursive best first algorithm

اسم ال constructor لازم يكون مثلك اسم ايش ؟ ال class

2 New Comments

وأخبر سؤال ضاع مني 😞

بالنسبة لأسئلة التخصص

سؤال تعريف inheritance

وسؤال برصه على نفس الموضوع اذا كان عنا كلاس base انه اكثر من
derive ايش يكون اسمه : الاجابة : hierarchical

*Data commonly used stores in :

Cash memory

Rom

Flash memory

Hard disk

الاجابة هي cash memory

سؤال اي الجمل التالي خطأ عن ال object

الاجابة كانت : object do not permit encapsulation

سؤال عن وظيفة ال aggregate object

سؤال من وين يي حذف بال queue

سؤال ماذا يحدث عندما تصيف على ال stack

سؤال مكرر tree[1]=null ايش يعني .. الاجابة empty

سؤال عن ال ipv4 وال ipv6 اي الجمل صح

الاجابة ipv4 32 and decimal...ipv6 128 and hexadecimal

سؤال اي من التالي ليس من حالات ال notation

خيارات:

Best case

Worst case

Average case

Null case

2 New Comments

الاجابة null case

١ - الف - كلمة - مفعول
 ٢ - الف - مفعول - فاعل - مفعول
 ٣ - الف - مفعول - فاعل - مفعول
 ٤ - الف - مفعول - فاعل - مفعول
 ٥ - الف - مفعول - فاعل - مفعول
 ٦ - الف - مفعول - فاعل - مفعول
 ٧ - الف - مفعول - فاعل - مفعول
 ٨ - الف - مفعول - فاعل - مفعول
 ٩ - الف - مفعول - فاعل - مفعول
 ١٠ - الف - مفعول - فاعل - مفعول

(7)

* 192.168.1.1 no

1. IPV4 32 bit and decimal.
2. IPV6 32 bit and hexa.
3. IPV4 128 bit and hexa.
4. IPV6 128 bit and decimal.

? (run) ← (Hwnd) / ← 1000 *

1. run() 2. start() 3. runHwnd() 4. startHwnd()

? (Foreign Key), (primary Key) can only be *
